

And we need your help!

We are participating in

to support the babies we care for

This year, we are taking part in the Virtual **Miracle Moon Walk Hospital Step Challenge** to support Miracle Babies Foundation, providing vital support to families of premature and sick newborns throughout their neonatal journey and beyond.

Miracle Babies Foundation is Australia's leading not for profit organisation working *To improve, support and enhance all lives impacted by a premature or sick birth*. Miracle Babies Foundation supports families of premature and sick newborns with in-hospital support, essential resources packs, a 24-hour Support Helpline, and ongoing support after discharge and beyond. Because this journey needs more than medical care, *it needs a community*.

**We need your support!**

Your support can make a meaningful difference for families in the Neonatal unit. **Every donation will go towards Miracle Babies NurtureProgram.**

Approximately **48,000 babies** are born requiring specialised neonatal care each year, impacting thousands of families across Australia.

**DONATE HERE**

All donations over \$2 are tax deductible.
